The fastest market anyone runs takes five minutes. And you play it alone.

5 min
Polymarket's quickest window

1
players in the room

0
proof worth sharing

Thirty seconds. Your crew. A card that proves it.

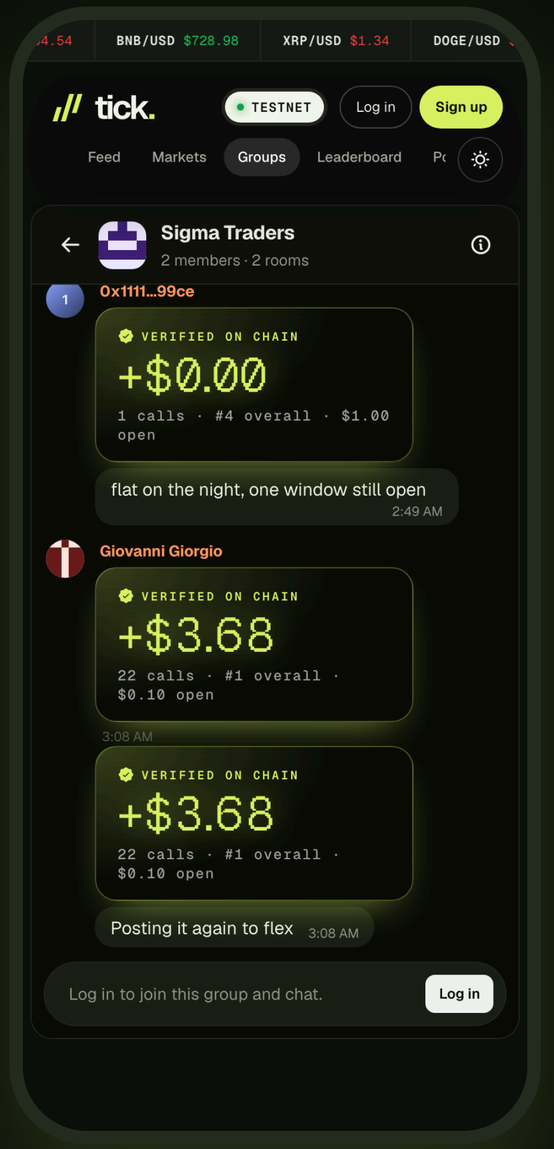

Call the next thirty seconds with your group, race a live scoreboard, and post the win straight from the chain.

30s
to a settled result

10x
faster than anyone else

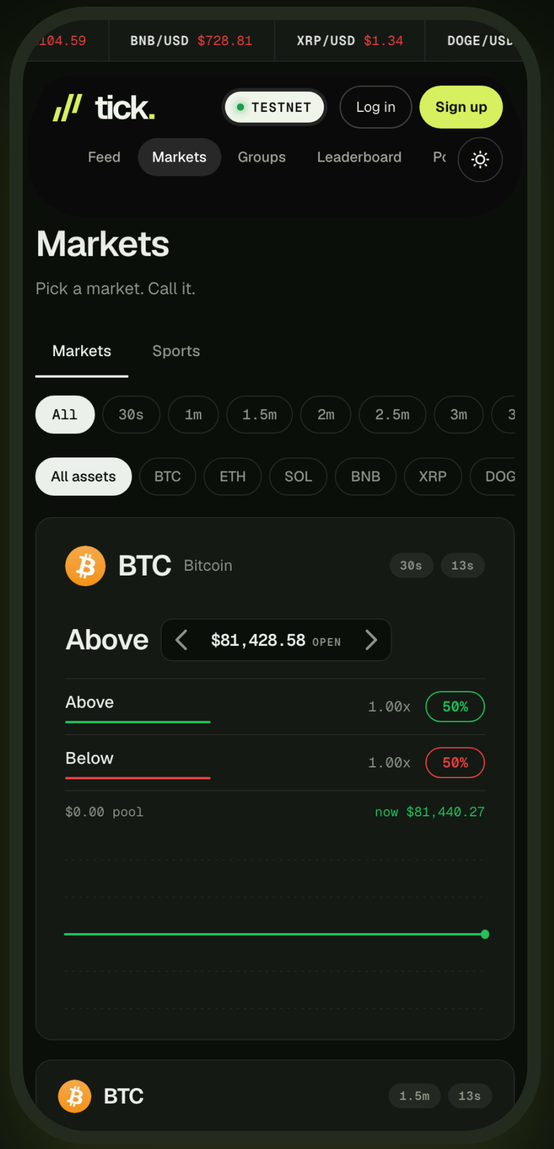

$0.10

2%
fee, on profit only

Next: more chains, more to call, rooms that pay.

Solana	Market and social programs on a chain built for this loop.
Mobile	Wallet handoff on the phone, and the dApp Store as the front door.
More to call	Live sport in play, equities beyond the opening ten.
Rooms that pay	Private leagues and entry pots, so a group is worth running.

Billions are already bet on being right. None of it is fast, none of it is social.

10x
faster than the quickest market today
